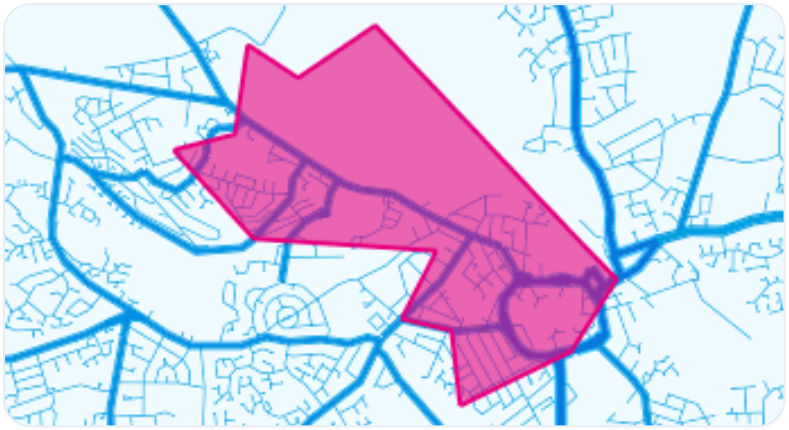
Force: Warwickshire

HIGHEST RISK LOCATION



St Mary's | 6 | Partial

St Mary's is Warwickshire's top risk ward, rated 'Partial' with an overall score of 6. It exhibits moderate risk for 'Violence and sexual offences', 'Criminal damage', and 'Shoplifting'. Lower but notable risks include 'Public order', 'Nighttime economy', and 'Drug offences'. Policing operations here should focus on prevention and controlling emerging risks with community cooperation.

OTHER HIGH RISK LOCATIONS

Bede

6 | Partial

Ranked 2nd in Warwickshire, Bede faces high risk of 'Public order', 'Shoplifting', 'Anti-social behaviour', 'Violence and sexual offences', and 'Criminal damage and arson' (all rated 10). 'Fast food outlets' and 'Major junctions' also pose high risk (9-10), while low scores in 'Homelessness' and 'Wellbeing' indicate fewer social vulnerabilities. Policing must prioritise these peak risk areas.

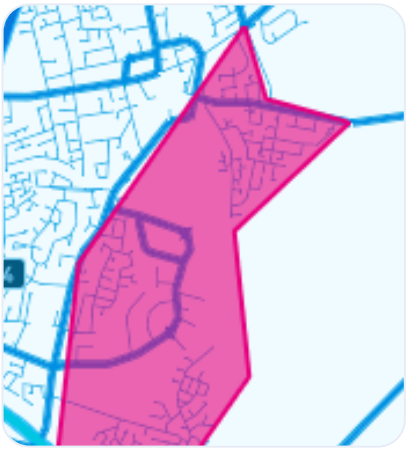
Heath

6 | Partial

Heath ranks 3rd in Warwickshire with very high risk of 'Violence and sexual offences', 'Public order', 'Robbery', 'Drugs', and 'Shoplifting' (mostly 9-10). 'Nighttime economy' and 'Schools' reflect high exposure (9-10), but 'Homelessness' and 'Wellbeing' risks remain low (1). Policing focus should target public disorder and theft-related offences.

Poplar

6 | Partial



At 4th rank in Warwickshire, Poplar bears high risk in 'Vehicle crime', 'Burglary', 'Drugs', 'Public order', and 'Anti-social behaviour' (all scoring 9-10). Notably, 'Theft from the person' is also high (10). Despite moderate 'Schools' presence, 'Nighttime economy' and 'Major junction risk' are substantial. Low 'Possession of weapons' risk suggests relative safety here.

Top and Trending Risks

RISK	SCORE	TREND
Asset Crime - Theft of Vehicle	5	
Fraud - Returns Fraud	4	
Burglary & Robbery - Ram Raid	4	
Burglary & Robbery - Unarmed Robbery	4	
Theft - Theft by Employee	4	
Burglary & Robbery - Armed Robbery	4	
Theft - From Service Desk	4	
Burglary & Robbery - ATM Rip Out	4	
Burglary & Robbery - Burglary	4	
Trespassing - In Hours	4	

Observations

The risk landscape for Warwickshire is characterised by a high likelihood of asset-related crimes, with 'Asset Crime - Theft of Vehicle' rated the highest at a risk score of 5.0 out of 10. This indicates a moderate but notable probability of vehicle theft occurring within the region. Risk scores are derived from a combination of demographic, environmental, and historical data inputs, providing an objective measure of the likelihood of each risk rather than direct crime counts. The top 10 risks include a range of property-related offences, with most risks clustering around a score of 4.0, suggesting a consistent baseline risk across various types of theft and burglary-related incidents.~~Within the top 10, 'Burglary & Robbery - Ram Raid' and 'Burglary & Robbery - Burglary' show a slight upward trend since last month, with risk scores increasing from 4.4 to 5.0 and 4.2 to 5.0 respectively. This suggests a growing likelihood of these more aggressive forms of burglary, which can pose increased threat to life and property. Other risks such as 'Fraud - Returns Fraud', 'Burglary & Robbery - Unarmed Robbery', and 'Theft - Theft by Employee' remain stable, indicating no significant change in their assessed likelihood. The presence of risks like 'Burglary & Robbery - Armed Robbery' and 'ATM Rip Out' further highlights the ongoing threat of organised and opportunistic property crimes in the area.~~The stable or slightly increasing trends in property-related risks may be influenced by Warwickshire's mix of urban and rural environments, where vehicle theft and ram raids can be more opportunistic due to less dense surveillance and security measures. The risk of 'Trespassing - In Hours' also remains steady, reflecting ongoing concerns around unauthorised access that could facilitate other crimes. Overall, while the threat to life from these risks is generally lower compared to violent crime categories, the potential for escalation in incidents like armed robbery and ram raids warrants continued monitoring. The data underscores the importance of understanding environmental and demographic factors that contribute to these risks in Warwickshire.

Police Reported Incidents

CRIME TYPE	PREVIOUS	CURRENT	TREND
Anti social behaviour	1049	1284	
Criminal damage and arson	287	356	
Vehicle crime	232	229	
Violence and sexual offences	1531	1703	
Other theft	251	269	
Public order	297	345	
Bicycle theft	34	29	
Burglary	190	153	
Drugs	76	75	
Shoplifting	372	347	
Other crime	82	98	
Robbery	40	46	
Theft from the person	19	16	
Possession of weapons	61	40	

In Warwickshire, the most significant increases are seen in 'Violence and sexual offences' and 'Anti-social behaviour', both rising notably in absolute and percentage terms, signalling heightened risks to personal safety and community wellbeing. 'Criminal damage and arson' and 'Public order' offences also show marked increases, suggesting growing disorder issues. Conversely, 'Burglary' and 'Shoplifting' have decreased, indicating a potential shift in retail-related crime patterns. Crimes such as 'Vehicle crime', 'Drugs', 'Bicycle theft', 'Possession of weapons', and 'Theft from the person' remain relatively stable with minor fluctuations. The rise in violent and disorder-related crimes is concerning from a safety perspective, highlighting areas where public protection remains critical. Overall, the data reflects a complex crime landscape with increasing violence and anti-social behaviour contrasting with reductions in some property crimes.

ASEL Incidents

CRIME TYPE	PREVIOUS	CURRENT	TREND
Physical Assault	0	0	
Verbal Abuse	0	0	
Robbery	0	0	
Burglary	0	0	
Theft	0	0	
Antisocial Behaviour	0	0	
Disorderly Conduct	0	0	
Criminal Damage	0	0	
Trespass	0	0	
Fraud	0	0	

Across all incident categories, ASEL has recorded zero incidents within this Force area. This lack of reported activity suggests that ASEL does not have a sufficient operational presence or in the region to support reliable trend analysis or meaningful comparisons with other data sources. Accordingly, ASEL has been excluded from the overall risk likelihood scoring for this area, and its weighting has been redistributed across other available indicators, including crime statistics, demographic profiles, and environmental risk factors.
